it.isislab.masonhelperdocumentation.mason.wizards.
MASONDocumentationWizard

```
graph BT; MW[it.isislab.masonhelperdocumentation.mason.wizards.MASONDocumentationWizard] --> Wizard; MW --> IExportWizard;
```

The diagram illustrates a class hierarchy. At the bottom is a gray box representing the base class, `it.isislab.masonhelperdocumentation.mason.wizards.MASONDocumentationWizard`. Two blue arrows point upwards from this base class to two separate white boxes above it. The left white box is labeled `Wizard`, and the right white box is labeled `IExportWizard`. This indicates that `MASONDocumentationWizard` inherits from both `Wizard` and `IExportWizard`.
